CAMPAIGN COSTS

GOVERNOR OF CONNECTICUT SAYS INDIVIDUAL SHOULD BE FREE OF EXPENSE

COLORADO SPRINGS, Aug. 30. Just as the state bears the expense of conducting elections, so should it bear the expenses or most of them -of candidates for party nomina tions at the primaries, in the opinlon of Simeon E. Baidwin, governor of Connecticut, who addressed the governors' conference today. Here is the list of candidates' expenses which Governor Baldwin would have the state shoulder:

Printing and distribution of ballots and other papers required by

Traveling expenses of the candidates to and from appointments for meetings incident to the campaign, whether public or private.

Traveling expenses of speakers in their behalf to and from public meet-

Copying poll and registry lists. Providing challengers.

The burden of these legitimate ex penses, in most states, Governor Baldwin said, falls on the candidate for nomination and deters the poor man from entering the political lists. unless he puts himself under what den Arrow distict. he would be apt to deem an obligation to those who supply him with the necessary funds.

"The government must have the right," Governor Baldwin said, "in of Rainbow Nos. 1, 2, 3 and 4, unself defense so to regulate the making of nominations, whether by party J. H. The state must have a right, if the people are satisfied that such nominations by a party convention or pri mary can be replaced by another mode of proceeding which gives them. a better opportunity to make their wishes prevail, to institute this other mode. And what the state can institute it can protect."

There are certain items of can didates' expenses which in Governor Baldwin's opinion, it would be unwise to have the state pay. Among these nominating petitions and of hiring transportation for voters to polling places. The one, Governor Baldwin asserts, has shown that many persons sign such petitions without intending to vote for the candidate they thus help to place in nomination; the other could be made unnecessary by establishing more polling places.

Hall rent and a candidate's personal travel, postage and telegraph bills, might properly be borne by the state as well as other items, Governor Baldwin asserted.
